

# Key Instant Recall Facts

I can count in 2s, 5s and 10s

Year 1

Spring Term 1

## Top tips for learning at home

When learning key recall facts it is important to do so little but often. This knowledge organiser shows some of the key representations your children will see in school.

You could practise these KIRFs while walking to school or during a car journey. You don't need to practise them all at once: perhaps you could have a fact of the day. If you would like more ideas, please speak to your child's teacher.

**Use practical resources** – You could use many household objects to count in groups of 2, 5 or 10, or try counting 2p, 5p and 10p coins.

**Play games** – You can play games online at [Conker Maths - Conker KIRFs Number Problems](#) and then see how many questions you can answer in just one minute.
