- Help the audience to structure their feedback with positive comments first, followed by areas to improve.
- Encourage pupils to use the correct dance terminology in their feedback.
- Ways to perform: half the class to the other half, one individual to another, one pair to another, three groups at a time etc.

## Performance Ideas

Performing in front of the class can be a daunting task for some pupils. Be mindful to introduce this gradually by encouraging pupils to perform without forcing them. Performance is an important part of dance but can also be time consuming if not structured correctly.

### Performing, some good ideas:

- Create an environment in which pupils feel safe to perform by teaching the audience how to be respectful.
- Help the audience to structure their feedback with positive comments first, followed by areas to improve.
- Encourage pupils to use the correct dance terminology in their feedback.
- Ways to perform: half the class to the other half, one individual to another, one pair to another, three groups at a time etc.

## Teacher Glossary

**Action:** The movement a dancer does e.g. travel, jump, kick.

**Level:** High, medium and low.

**Pathway:** Designs traced in space (on the floor or in the air).

**Unison:** Two or more dancers performing the same movement at the same time.

**Dynamics:** How a movement is performed e.g. robotically, softly.

**Action and reaction:** One movement has an effect on another movement e.g. push/pull, up/down, forward/backward.

**Space:** The 'where' of movement such as levels, directions, pathways, shapes.

**Formation:** Where dancers are in relation to each other.

**Canon:** Performing the same movement, motif or phrase one after the other.

**Structure:** The way in which a dance is ordered or organised.

## Why OAA?

Team building games are a great tool for helping your pupils learn to work together, listen carefully, communicate clearly, and think creatively. They also give your pupils the chance to get to know each other, build trust as a class and develop vital life skills.

### Top tips for teaching Team Building:

- Encourage your class to think independently whilst working collaboratively.
- Mix up who the children work with. Working with children whom they have different relationships with allows them to develop a new set of social skills.
- Build on the learning in the lessons by identifying when these positive behaviours are used in different situations throughout the school day.

## Top Tips for Teachers

- Use the time you have travelling to and from the pool to discuss water safety. Find resources from Swim England in the resource bank to support this.
- It is recommended that all pupils wear swimming hats. Goggles are recommended for KS2.
- Have a range of buoyancy equipment available for less confident swimmers such as arm discs, swim belts and noodles.
- The Get Set 4 PE swimming plans are written for group sizes of 12. These can be taught for more or less pupils but you will need to be mindful of the equipment required and ratios of adults to pupils.
- The Year 1/2 SOW is written for beginner swimmers, the Y3/4 SOW is written for developing swimmers and the Y5/6 SOW is written for intermediate swimmers.
- When selecting lesson plans to teach, consider the level of your swimmers not necessarily the age.
- Always check the safety and pool guidelines of the facility you use before teaching.

**Sculling:** Using quick movements of the hands to keep the head above the water. Sculling can be done head first or feet first.

**Treading water:** A survival technique used to keep the head above the water.

- **Try:** To score, the ball must be placed down under control over the try line, this is called a try.
- **Forward pass:** Forward passes are not allowed and will be penalised by a free pass being given to the non-offending team. A forward pass is any pass where the ball travels in the direction of the teams scoring line (try line).

- Keep safety in mind and ensure children work at a level they feel comfortable with.
- Use the word "try" so that the children learn to appreciate the process rather than the result.
