## General Knowledge

### Historical Skills Vocabulary

BC	Used to show that a date is before the year AD 1. This is counted backwards, so 200 BC is before 100 BC.
AD	Used to show that a date is after the year AD 1. This is counted forwards, so AD 100 is before AD 200.

**The Stone Age:** The Stone Age was a very long period of time when early humans made tools and weapons from stone.

**The Bronze Age:** During the Bronze Age, people developed the technology to make bronze. This was used to make bronze tools, containers and jewellery.

**The Iron Age:** During the Iron Age, technology developed further across many aspects of life. People began to make tools and weapons from iron.

**Skara Brae:** Skara Brae is the **best-preserved Neolithic village in northern Europe**. It is a prehistoric settlement where an early farming community lived around 5,000 years ago.

## Did you know?

Humans made jewellery from teeth, bones, stones and shells.
